

## East Surrey Business Club – Corporate Membership

ESBC was founded 30 years ago to support businesspeople in East Surrey as well as to raise funds for the local Member of Parliament.

More recently, the focus of the club has shifted and its active social membership enjoys many excellent events each year. These range from relaxed dinners in the local area to Black Tie events in London which always include a high quality speaker either from the political or business world.

With the aim of reengaging with local businesspeople, ESBC is to establish a corporate membership. This will provide benefits which are additional to the social membership and will be aimed at small and medium-sized businesses based in East Surrey, North Kent and East Sussex.

The ESBC Corporate Membership will include:

**Tell us what you think:** Take part in four gathering each year (either by video conference or in person) with our local MP and, where possible, a senior member of the party to discuss business issues.

**Stay up-to-date:** Receive a regular briefing from our local MP on the issues affecting business and politics, including those which impact the local community.

**Share your concerns:** Air your issues and concerns with decision makers at the quarterly meetings.

**Social Membership:** Corporate membership will entitle you to attend the social events operated by ESBC without having to pay the usual visitor premium.

The cost of the Corporate Membership is £200 per year for businesses which are registered in the UK as either a sole proprietor or an employer of less than 250 members of staff.

If you are interested in joining an active and engaged business club that already has a well established social membership, then please contact either Les Green (Chairman) at [les@lexllp.com](mailto:les@lexllp.com) or Malcolm Dunbar (Secretary) at [maldunbar@mac.com](mailto:maldunbar@mac.com).
